Synopsis: From COVID diagnostics to treatment, addressing the healthcare challenges has been a phenomenal undertaking and one of the biggest logistical efforts in the 21st century. Women leaders have been shining examples of vital and effective leadership in this pandemic response. This panel of leaders will provide their insights on their experiences and the industry.

This session is to:

- Highlight their contributions
- Address the challenges faced (professional & personal)
- Areas for improvement
- Personal take-away from our involvement

Complimentary Webinar for ISPE Members and \$35 for Non-Members – Sponsorships Available

About the Panelists

Kate E. Broderick, PhD, Senior Vice President R&D, Inovio Pharmaceuticals Inc.

Dr. Kate Broderick is an accomplished scientist and recognized vaccine expert who leads a diverse team of researchers discovering and developing DNA medicines. Working out of the company's research labs in San Diego, she is focused on the development and enhanced delivery of a broad range of DNA medicines designed to prevent a range of often deadly infectious diseases and cancers.

Most recently, she is responsible for driving the development of a DNA vaccine for COVID-19. She also led the teams that brought the first in human Lassa fever vaccine into the clinic as well as advanced the development of a DNA vaccine for the MERS virus.

Over the course of her career, Dr. Broderick has authored and co-authored more than 60 peer-reviewed articles, and her team regularly publishes and presents their findings in leading scientific publications and at conferences worldwide. She has participated by

invitation at advisory meetings convened by the World Health Organization to discuss DNA vaccines and their delivery.

She is a co-inventor on multiple patents related to DNA vaccine delivery and has served as a principal investigator on grants, awards, and contracts from leading government agencies and not-for-profit organizations, including the National Institutes of Health, the U.S. Department of Defense, the Small Business Innovation Research program, and including a \$56M award from the Coalition for Epidemic Preparedness Innovations (CEPI).

With a keen interest in electroporation device design in the context of transdermal delivery, Dr. Broderick has helped drive the development of novel prototypes and designs of INOVIO's proprietary smart device CELLECTRA®, which delivers the company's DNA medicines directly into cells in the body.

Dr. Broderick received her Ph.D. from the University of Glasgow, Scotland, and conducted post-doctoral research at the University of California, San Diego. She joined INOVIO in 2006. In 2018, Dr. Broderick was named Business Women of the Year by San Diego Business Journal.

Cinta Burgos, Vice President Consulting Services, Azzur Group

Cinta Burgos has been involved in the pharmaceutical, biotech and medical device industry since 1993; working in various positions in research engineering, validation engineering, and quality assurance in large companies as well as small start-ups. Prior to entering the industry, she was a microbiology laboratory researcher.

Burgos supports GLP and GCP laboratories and studies; responsible for developing and maintaining quality systems from design control/product development to cGMP manufacturing; conducting ISO, GMP, GLP and GCP audits, managing complaint, risk, and corrective action systems, training, due diligence, and regulatory submission support. Azzur Group provides hands-on QA/RA strategy, PAI readiness, regulatory response assistance as well can compress your timeline with Documents on Demand QMS System implementation, Supplier Management and Audits, and Mock Regulatory Audits.

Prior to entering the biotech industry, Cinta worked as a micro and cell biology research assistant at UCSD Medical Center and an electronics engineer assistant with secret security clearance at the Naval Research Center. Some products Cinta has helped support or bring to market are biologics, vaccines, pharmaceuticals, pacemakers, stents, oxygenators, filled vial automatic systems, blood substitutes, biosimilars, vena cava filters, neuro shunts and clips, monoclonal antibodies, cell separation, embolotherapy, heart monitoring equipment, IVD, combination devices, direct to consumer cosmetic electronic and software controlled systems.

Her areas of expertise include: Validations, FMEA, Risk Management, Quality Systems and Documentation, Complaints, Design Control, Training, Internal, Supplier, and Clinical Audits. She is fluent in English and Spanish.

Registration Through ISPE San Diego Chapter Registration Instructions

Complimentary Webinar for ISPE Members and \$35 for Non-Members

Sponsorships Available \$250: Your sponsorship includes your logo on email promotions and event flyers and a link for your employees to join the webinar at no additional cost. You have the option of providing a promotional video of up to 30 seconds to be played during the webinar. You will also receive a link to view the webinar recording after the event and any handouts approved for distribution from the speakers. This information can be shared with your staff after the webinars.

- 1) Click on the link then log on using your username and password: <http://www.atdevents.net/register.php>
- 2) Click on the appropriate event. Here is where you can download the event flyer also.
- 3) Scroll through the list of registration options and find the one that applies to you then complete the registration. Our site does not send confirmation emails for complimentary events, however, the link to join the webinar will be emailed to you the day before the webinar.

ISPE California Chapter Members: If you are an ISPE Member in California, please do not set up a new account, as you should already be in our system (takes a few days after joining). You will need your username and password to log on.

How To Find Your ISPE Member Number or Update Your Account to a Member Account:

To update your existing account to a Member account, or to add your new ISPE Member account to our website, please forward your confirmation email from ISPE or your ISPE Membership information to Rob Fleming (rob.fleming@yahoo.com). We need your Chapter name, your ISPE Member number and expiration date. To retrieve this information, log onto the ISPE website. Click on "Account" on the top right side, then "My Account". Your Membership information (not including your chapter affiliation) is on the left side. Please take a screen shot or make a pdf of the page, then email it along with the name of your chapter to Rob Fleming to update your profile on the atdevents.net site.

ISPE Members of Other Chapters: You will not be in our system unless you have previously set up an account. Please set up a new account (follow instructions for Non Members). Then update your account to a member account (see above).

Non Members: If you do not have an account, you can set one up on the site using only letters for your username.

HELP: Please email Rob Fleming (rob.fleming@yahoo.com) for assistance with registration.
