d) Enter your credit card information then click "Continue".

e) On the next screen enter your "CSC". The Card Security Code (CSC) is a three or four-digit number (it is not part of the credit card number) that appears on the credit card. On most cards, the card security code appears on the back of the card (usually in the signature field). All or part of the card number appears before the card security code. For American Express, the four-digit number is printed on the front of the card, above and to the right of the embossed account number.
