Justin Cantor, Chief Strategy Officer, PSC Biotech

Speakers:

Jasbir Mann, Robotics and Automation Regional Sales Manager, DENSO Robotics

Dave Rojas, Director of Sales and Automation Specialist, Dynamic Automation & Robotics

Background:

There is a growing trend toward the use of robotics in pharma applications. Robots can improve the sterility assurance and remove the operators from critical areas. The presenters will share their experience and several different applications.

Topics to be Covered:

- General robot fundamentals
- Non-industry specific uses of robotics
- Examples of robotics integrated in clean rooms for life science applications
- Example of robot designed for aseptic applications

About the Speakers

Jasbir Mann
Robotics and Automation Regional Sales Manager
DENSO Robotics

Jasbir has been with Denso for a year and a half and has worked in the robotics/automation industry on the West Coast for 10 years. Jasbir has a BS in Mechanical Engineering from the University of Illinois. He has a high level of expertise in robotics, machine vision, and automation sensors. Being on the business development side of robotics, Jasbir comes across many different types of applications but being on the West Coast, he has had a lot of exposure to the medical industry.

Dave Rojas
Director of Sales and Automation Specialist
Dynamic Automation & Robotics

Dave has worked at Dynamic Automation & Robotics for over 21 years. With a BS in Mechanical Engineering from UCLA, he started his career as a Sales Engineer for Keyence Corporation. After two years with Keyence, he joined Dynamic to manage applications development and equipment sales. Dave has been able to witness firsthand the growth of robotics in the automation market as they have become more affordable and easier to integrate. As a custom automation integrator, he has a unique robotics perspective, working with a number of different robot brands and styles across a variety of industries, including the life sciences. Dynamic Automation & Robotics keeps up with industry trends and safety standards as members of AMT (the Association of Manufacturing Technology) and RIA (Robotics Industries Association).
